After suffering from migraines for years, I tried the HOH Hempnotize roll on gel, which not only alleviated and caused less frequent migraines, but also lessened tightness/stress held in my lower neck.

It was a soothing, quick relief and also safe to use while breastfeeding.

About a year ago we were struggling with our son. He suffers from ADHD, anxiety, and depression. Over the years we had tried prescription drugs, and the homeopathic way.

No matter what we tried it worked for a short period of time, but then we would end up right back where we started. I was introduced to HOH Hempnotize and their CBD products. We had already started weaning him off his prescription medications trying to figure out our next steps. We turned to CBD and haven't looked back. Our son is happier, he is doing better in school, he is more social then we have seen in years. Family members and friends have stated how much more social he is, how he can sit and have a conversation with someone, and is more involved with the world around him.

SUTTON WEED FARM LLC
HUDSON, MICHIGAN
150 YEAR CENTENNIAL FARM

On behalf of the

Sutton Weed Farm, we'd like to express our gratitude to the Putt Family Farm (HOH Hempnotize) in Lake Ann, Michigan. Like many growers at this conference, and in the newly developing

Industrial Hemp market, we have found there is not a lot of historical research and growing suggestions for the American soil and climate conditions. This was Sutton Weed Farm first attempt at growing in Michigan, and we needed as much advice as possible. The IHemp Association put us in touch with the Putt Family (HOH Hempnotize). We are happy because of their help, and assistance with growing, harvesting, and product development in our first year, we have a product that can generate revenue, and make next year look better.

This is one example of people in the Industrial Hemp market helping to create a new industry. The Putt Family (HOH Hempnotize) is a great resource for our industry development.

Thank you, Lori,
Doug, and Andrew

If you're looking for hemp products, look no further. HOH Hempnotize has it all! From tinctures to edibles, to shaving cream, hair care, pet products just to name a few.

To be quite honest with you, as a consumer and white label customer of HOH am in awe of the knowledge Lori and her husband Doug have when it comes to hemp, and all the products they have created! I look at her as the QUEEN OF HEMP! I am new to the hemp business and Lori has helped me every step of the way. All my questions, emails, phone calls...she ALWAYS made time for me, and even flew down to Florida for a quick get away to get out of the cold but also for a business meeting with myself and my husband. She even helped me get started with my labels, which was HUGE!! I can't say enough good things about the HOH TEAM!

We are all in this together and learn from each other. Thank you Lori for all you bring to the HEMP platform!

Many, Many Thanks!!

"I started using full spectrum CBD and the intensive relief salve about 6 months ago. It has been such a great find for me! My job requires a good amount of physical labor and both of these products have helped ease my muscle pains as well as improve my sleep patterns. I have recommended to several friends and family and they have all found great benefits from the Hempnotize line of products!

I've been a small business owner for more than 20 years. I became passionate about hemp in 2019 when I got to observe it first hand as it was growing in fields in my area.

I met Lori Putt in Feb. 2020 at an iHemp educational event. She left an impression on me. At that time, I had been selling someone else's hemp products for several months in my small farm store. Two months later, as the pandemic was underway and I was having trouble connecting with my current supplier, I contacted Lori. She was so helpful in getting me started with HOH Hempnotize products. As I myself continued to get more educated on CBD, I came to appreciate the wide range of strengths of CBD tinctures they offered, the relief rubs and creams, the moisturizers and all the work they put into developing these products. Having done business with them now for 9 months, I always know I am going to get a high quality product that has been properly tested and produced, it's going to be properly labeled, and it's going to arrive undamaged in transit. My business continues to grow as a result. Lastly, as I write this I just received a text. A customer asks "Can I order two more bottles of AM/PM moisturizing cream? I ran out and love it too much to switch to any other brand of face moisturizer."

You can see why I love to sell HOH Hempnotize products.

// HOH Hempnotize has a wide array of products that are absolutely phenomenal! If you suffer from a multitude of issues, some include: anxiety, insomnia, gut issues, inflammation or skin issues. My personal favorite is the 2000mg full spectrum hemp extract. This product has cleared up my acne and has alleviated my gut discomfort. I have had terrible gut issues for years. Without CBD I would still be living with gut pain. Not anymore, thanks to HOH CBD! For my sore achy muscles I recommend the 4000mg intensive relief cream, definitely a must for my medicine cabinet! The pet products are great too! My 15 year old yorkie runs around like she's 5 years old! She has more energy than I do on our walks. She literally walks me! I highly recommend the pet treats and to be quite honest any of HOH products. They are of the highest quality and produce fantastic results!
